WORK SMARTER, NOT HARDER

**Save your school district money and time
this school year and beyond**

with

School Business Insider

A new monthly how-to newsletter for up-to-the minute information on
BEST PRACTICES and LEGAL COMPLIANCE in plain English

YOURS FREE FOR 4 MONTHS!

Dear School Business Professional:

Are you tired of digging through mounds of information looking for those elusive legal compliance or best practice answers?

Let **School Business Insider** do the legwork for you so you can focus on your job – not the law. You'll learn how to comply with the latest laws and regulations, implement best practices, and stretch your school budget dollars as far as they'll go.

Brownstone Publishers, the authoritative source of education information, created a newsletter just for you. The **Insider** -- written by lawyers in plain English for non-lawyers – gives you practical solutions and useful tools in a way that's easy to understand and apply.

WORK SMARTER, NOT HARDER. You'll have legal compliance and best practices information at your fingertips. The **Insider** provides expert knowledge and sensible, workable solutions...including **sample forms, letters and memos**...that you can adapt to fit your school district's needs.

Each issue will cover topics like:

- **Laws and Regulations** – The **Insider** will keep you apprised – in plain English – of all the latest federal rules and how they'll affect your school district. From FLSA compliance to IDEA to new 403 (b) requirements, you'll

be the one everyone turns to for reliable answers. PLUS read about lessons learned from federal government audits of other school districts.

- **Reduce/Cut Costs; Boost Efficiency – *Do more with less without sacrificing services.*** Find out how to overcome reduced federal and state funding and use tips from consultants to stretch your school budget dollars further.
- **Run Effective School District Operations** – Learn about effective ways to test for mold, offer low-cost employee benefit plans, and make your buildings more energy efficient. Whether you need to have more information on complying with National School Lunch and School Breakfast programs or are looking to cut expenses while improving bus efficiency, the **Insider** will show you the way.
- **Make the Best Use of Technology** – The **Insider** will show you how to bring wireless technology into the classroom; avoid common mistakes in complying with e-Rate program requirements; reduce administrative headaches through the use of online purchasing; and take advantage of options for NCLB data warehousing.
- **School Safety and Security** – Top safety experts will teach you how to: sidestep liability, maintain a safe environment for students, staff and visitors, and plan and prepare for emergencies.

No cost, no obligation. You'll receive the **Insider** once a month for the next three months, **absolutely FREE**. It's three-hole punched for handy storage and packed with easy-to-read, instantly useful information. Later, you'll get an invitation to extend your subscription. You don't have to continue and you don't have to notify us – do nothing and your subscription will stop.

There's nothing like the **Insider** anywhere. Would you like your free issues addressed to you or another individual by name? Simply let the **Insider** know by writing it on the mailing label and returning it.

Enjoy the **Insider** today -- and be ahead of the pack tomorrow.

Sincerely,

Mary Lopez
